

## PERUNA CURES CATARRH OF KIDNEYS EVERY TIME.

### DANGEROUS KIDNEY DISEASES CURED

Peruna Creating a National Sensation in the Cure of Chronic Afflictions of the Kidneys.

Mr. John Vance, of Hartford City, Ind., says: "My kidney trouble is much better. I have improved so much that everybody wants to know what medicine I am using. I recommend Peruna to everybody and some have commenced to use it. The folks all say that if Dr. Hartman's medicine cures me it must be great."

Mr. J. Brake, of Petrolia, Ontario, Canada, writes: "Four years ago I had a severe attack of Bright's Disease, which brought me so low the doctor said nothing more could be done for me. I began to take Peruna and Manalin, and in three months I was a well man, and have continued so ever since."

At the appearance of the first symptom of kidney trouble, Peruna should be taken. This remedy strikes at once the very root of the disease. It at once relieves the catarrhal kidneys of the stagnant blood, preventing the escape of

serum from the blood. Peruna stimulates the kidneys to excrete from the blood the accumulating poison, and thus prevents the convulsions which are sure to follow if the poisons are allowed to remain. It gives great vigor to the heart's action and digestive system, both of which are apt to fall rapidly in this disease.

Peruna cures catarrh of the kidneys simply because it cures catarrh wherever located.

A book on catarrh, written by Dr. Hartman, will be sent free to any address by The Peruna Medicine Co., Columbus, Ohio.

## PAN CAKE FIENDS

### Will Suffer Next Winter---

### Short Maple Syrup Crop.

Local grocers are receiving 25 per cent more this spring for maple syrup than they did one year ago. This is due to the shortage in the product. The season was a short one, and it is difficult to purchase a sufficient amount to satisfy the demand.

"The shortage is not as noticeable

now as it will be next fall," said a local grocer, Saturday. "The people are now able to buy syrup from the farmers. When the buckwheat cake season comes around the farmers will have no more of the syrup than they want for their own use and the people will be asked to pay dearly for the same."

## AKRON ORGANIZERS

### Made Possible the Great Western Cereal Company Combination---Options All Settled.

Messrs. O. C. Barber and F. M. Atterholt left Friday for New York to close the options on the plants that will be included in the Great Western Cereal Co. Every option has been accepted and the charter granted.

The company starts out with no

debts and \$1,250,000 in the treasury. Its directorate is composed of substantial and conservative business men and the corporation will have the very best management. The stock has been practically all taken. The whole deal has been engineered by Akron organizers.

## NEGOTIATIONS

### For Purchase of Outside Plants Are Being Engineered by General Manager Frank Condolf.

Although the local independent sewer pipe men have persistently denied the report it is known that negotiations are now in progress for a combination of their interests with those of the American Sewer Pipe company.

Mr. Frank Condolf, recently appointed general manager of the American Co., was in the city two or three days

this week. While here he held several conferences with the Messrs. Robinson and Mr. Joseph Baldwin. The matter of the consolidation of the outside plants was considered. It is said by those on the inside that the deal is nearer consummation now than it ever has been before. Mr. Condolf is reputed to be a very shrewd business man.

## BOARD BILL.

### City Has Assumed a Large Part of One For Feeding Troops.

The City Commissioners have agreed that the city shall pay \$1000 of the board bill of the riot troops, the State to pay the remainder. By this arrangement the State pays 92 cents per man per day for the soldiers' meals. Where the money is to come from to pay the city's share the Commissioners say they do not know.

Col. Adams of the Adjutant General's office was here Friday afternoon. He objects to the State paying the whole bill because restaurants which ordinarily charge 25 cents per meal had charged 50 cents per meal for the soldiers.

The Commissioners took up the matter Saturday and reached the conclusion mentioned.

The organization is in debt to some extent but when all dues are paid there will probably be enough money to pay all claims without making a further assessment upon the members.

For Eruptions, Eczema, Tetter, Salt Rheum, Sores and all blood disorders Electric Bitters has no rival on earth. Try them. All druggists will guarantee satisfaction or refund money. Only 50 cents.

## HERE TO STAY.

### Opinion of Col. Perkins on Present Day Automobiles.

The tire season, at the various local rubber plants, is now on. At all of the shops an unusually large number of men are being employed.

Col. Geo. T. Perkins informed a reporter for the Democrat that there would be little difference in this year's output, as compared with that of a year ago.

"We expect to make as many tires this year as we did in 1900," he said. "There have been no radical changes in the make-up of the tires, the models being the same as last year. The demand for vehicle and automobile tires will increase as both have come to stay."

Spring coughs are specially dangerous and unless cured at once, serious results often follow. One Minute Cough Cure acts like magic. It is not a common mixture but is a high grade remedy.
